Sprint 1 Report

Slug Finance
1/31/23

Actions to Stop Doing:
- The team should stop putting off project work until prompted to do so because it would create a healthier working environment if we all worked on our own accord rather than only when we are asked to do so.

Actions to Start Doing:
- The team should start being more communicative in what actions they are taking or doing in terms of progressing on the project. This is because other than our daily scrum meetings, it feels as if there is a lack of communication between team members on who is doing what or who needs help on what. Adding more communication would allow members to help one another so we should try creating a positive environment where asking questions is encouraged.

Actions to Keep Doing:
- The team should continue to be consistent in their attendance to meetings. The team is doing very well in terms of never missing a single meeting or not having any mishaps with keeping consistent with the meeting times set, so we would hope to continue this trend as the quarter continues.

Work completed/not completed:
- Completed
    - (6 Story pts) As a customer, I want to enter in tickers with a search bar, with a button to confirm
    - (4 story pts) As an investor, I want to retrieve the value of a specified ticker (without being logged in, viewing ads, opening the browser).
- Not Completed
    - (6 Story pts) As an investor, I want to have a drop down menu to select input format.

Work Completion Rate:
- 2 User Stories completed
- 15 Hours
- 14 Day Sprint
- ~1 Hour of Work Per Day/ 1 User Story Per Week
